Good morning Pam, I do hope you had a restful evening. I am writing as Dave left your Ops centre after the decision to wait and see once you had an open North and South bound lane. I need to report to Ottawa a plan for today..was wondering if you plan to remove the protestors and if not, if we are able to open the lanes on the bridge allow trucks to cross given there is now an egress? Happy to chat with you or your deputy...re:a plan for the day.

I will be sending Jeff Gilmore to your Ops centre.

Your insight is appreciated.
